

## A Message from the Superintendent

**Ron Roberts**  
Superintendent

Dear Families,

Welcome to the 2016-17 school year. I've been employed here for many years and I can say, without hesitation, that I have not lost my enthusiasm for the Chippewa Valley Schools. This feeling is the result of my belief in the important service we provide for our students on a daily basis. We've worked hard over the past few years to ensure that our curriculum and teaching strategies are relevant and that we are providing the necessary experiences for our students to move successfully into the world following high school.

Currently we are working on CVC-TV programming that will showcase some of our graduating seniors. As part of the process, I had the opportunity to interview a number of recent graduates. These students are leaving us with a wide variety of career interests: medicine, business, teaching, etc. The students I spoke to were enthusiastic and excited to be taking their next steps in life's journey.

Following the interviews, I considered the attributes of these students: they were all exceptional in some way yet very different from one another. After some thought, it became clear that two things stood out about these recent grads. First and foremost, they worked hard. They did not necessarily possess more intelligence than others, they just always gave their best effort. These students understood the cause and effect related to hard work: hard work leads to positive results. Secondly, they took advantage of offerings within our schools. They were involved in a variety of academic pursuits, athletics, band/choir, visual arts, CTE, and clubs and organizations. These students selected what interested them and pursued these interests wholeheartedly.

I believe that what these students achieved, and the path to success that they are on, is possible for all our students. Chippewa Valley Schools offers many educational opportunities for our students. As adults, we must help them identify their areas of interest and then create the conditions necessary for them to learn the value of hard work.

I am excited about what we offer in the Chippewa Valley Schools.

I am excited about the relationship we have with parents to help make success a reality for all our students. As I often tell our students, *don't wait for things to happen to you, decide what you want, make a plan and then work hard to achieve it.*

Let's work together to help our children have the best year ever.

Sincerely,

Ron Roberts  
Superintendent

# Chippewa Valley Schools Awarded AdvancED School System Accreditation

Chippewa Valley Schools was granted AdvancED School System Accreditation from the AdvancED Accreditation Commission, the national commission that confers the North Central Association Commission on Accreditation and School Improvement (NCA CASI) accreditation seal. This means that the system and all of its schools are accredited, and that Chippewa Valley Schools is recognized across the nation as a quality school system.

The accreditation process involves three ongoing components: 1) meeting high quality standards; 2) implementing a continuous process of improvement; and 3) engaging in quality assurance through internal and external review. The system's accreditation is for a five-year term with regular monitoring of progress and reporting occurring during the term.

“School System Accreditation as conferred by the AdvancED Accreditation Commission provides Chippewa Valley Schools a nationally-recognized mark of quality for our system and all the schools within our system,” shared Ron Roberts, Superintendent. “It demonstrates to our community our commitment to excellence, our openness to external review and feedback, and our desire to be the best we can be on behalf of the students we serve.”

Dr. Mark Elgart, President/CEO of AdvancED, stated, “AdvancED School System Accreditation is a rigorous process that focuses the entire school system on the primary goal of creating lifelong learners. Chippewa Valley Schools is to be commended for engaging in this process and demonstrating a commitment to continuous improvement.”

Parents and interested community members can learn more about the System Accreditation Process at [www.advanc-ed.org](http://www.advanc-ed.org).

## Great Start Preschool Program Ranked Top in the County

Chippewa Valley's Great Start Readiness Preschool Program received a 5-Star Quality Rating from the Michigan State Board of Education. This top rating signifies a high-quality preschool program designed to prepare students for the rigors of kindergarten.

Families that meet state guidelines for participation can enroll their 4-year-old child in this tuition-free preschool program. Classes meet for 3 hours Monday-Thursday, mornings or afternoons. Call 586-723-6950 for more information.

### Preschool Classes Start in September

***Open enrollment for 4-year-old preschool classes at Little Turtle and Mohawk Elementary School***

Classes meet mornings or afternoons for 2.5 hours Monday, Wednesday and Friday or Tuesday and Thursday.

***Open enrollment for Young Fives at Mohawk Elementary School***

# Still In-Tune After 32 Years

*Former members of the Chippewa Valley High School Band reunite to honor the importance of music education*

Four former Chippewa Valley High School Band members have reconnected via Facebook and are coming together from across the country for a reunion concert 32 years since they last performed as seniors at Chippewa Valley High School. A special video documentary will capture their musical reunion and relate the positive influence music education has had on their personal and professional lives.

Each of the band members turned 50 this year. Anjan Shah, a saxophonist, explains: “Each of us knows first-hand the long-term benefits of having music a part of our formative years. Music education isn’t just about learning to play music and have fun, it triggers fundamental learning abilities and enhances academic performance in virtually every other subject matter.”

Shah, who continues to perform professionally with the Baltimore Symphony Orchestra, initiated the reunion with a simple Facebook post. Within 24 hours, several band members responded and attested to the role of music education in their own lives and professional careers. A few got together to perform and have been rehearsing once a month since July.

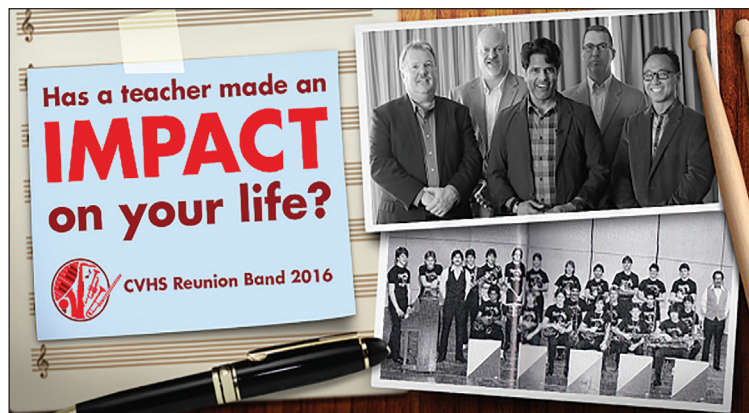

Band members include:

- **Nick Backos**, drums, '78
- **Todd Belanger**, trumpet, '85
- **Bill Berndt**, teacher/band director
- **Ron Berndt**, trumpet, '84
- **Stephanie Brown**, saxophone, '79
- **Ron Cardeccia**, trumpet-teacher/band director
- **Kim Cieslak**, trumpet, '82
- **Mike Gronowicz**, kazoo, '84
- **Doug Katchorek**, bass, '84
- **Craig Marshall**, trombone, '82
- **Mike McClain**, kazoo, '84
- **Kathy Schnieder**, saxophone/clarinet, '79
- **Gary Schodowski**, trumpet, '84
- **Frank Schuster**, trombone, '84
- **George Schuster**, guitar/saxophone, '82
- **Anjan Shah**, saxophone, '84
- **Rena Urso**, flute/narration, '85
- **Jimmy Wilkins**, vocals-teacher/band director

Although they all have taken different professional and vocational paths, the shared experiences and the nurturing of common character traits instilled by their teachers in the music making process such as discipline, teamwork, attention to detail, persistence is a common thread in all their individual lives and continues to serve them as adults both personally and professionally.

“We are doing this not only to highlight the essential role that music education plays in the learning process, but also as a way to honor those teachers who gave so much of themselves to motivate and inspire us through music,” said Gary Schodowski, a trumpeter and bandmate. “They couldn’t have seen how their efforts would make a difference in the lives of those of us who benefitted from their commitment and talent. These many years later, we want to make that abundantly clear.”

The Chippewa Valley Reunion Band will perform on Tuesday, October 18, at Chippewa Valley High School, 18300 19 Mile Road, Clinton Township, Michigan. The video documentary will feature the reunion performance, rehearsal sessions and interviews with band members, as well as their former teachers. It will be released on YouTube in December and distributed on Chippewa Valley’s cable access and social media channels. # Bringing the Dream Home

Homearama® 2016 at Christenbury Creek is located in the heart of Macomb Township inside the Chippewa Valley School District. The Chippewa Valley Educational Foundation (CVEF) will be a Charity Partner thanks to CVHS alumnus Brian Szliter, Arteva Homes, and the generous support from the professionals of the HBA of Southeastern Michigan.

A portion of the proceeds from each event ticket sold will be donated to the CVEF.

Brought to you by four of the region’s leading semi-custom home builders, Homearama® 2016 features eight custom built new homes — all located on a single site. This year’s event includes homes that are fully furnished, decorated and landscaped.

Best of all, the homes feature the latest in building trends, technology and interior design. This is your opportunity to not only tour these beautiful homes, but to speak with the builders, interior designers and various other professionals who were a part of creating these showcase homes.

**Homearama® 2016 begins with the Children’s Hospital Charity Preview on September 21. The event runs weekends from Sept. 23-Oct. 9. Tickets are available at <http://homearamahba.com>**

## The Importance of a Growth Mindset

*Where Mindset Can Make a Difference*

Parents did you know that nurturing a growth mindset may actually help your child do better in school? Research shows that parenting with a GROWTH MINDSET better ensures your child’s success in school, sports and life. Giving children specific praise for their effort, perseverance and practice can greatly improve their achievement.

At Chippewa Valley Schools we have developed a webpage containing relevant articles, videos, and resources that parents can use to help develop a growth mindset in their child. Check it out online at: [chippewavalleyschools.org](http://chippewavalleyschools.org), go to the “For Parents” tab, click on Promoting Positive Parenting.

Instead of :	Say this:
Wow, you make it look easy!	Your practice is paying off.
You keep making mistakes.	I really like how you learned from your mistakes.
Would you make up your mind and get this done.	I like how you kept trying new ways to get there.
You are so smart!	I like how you put so much effort into figuring out how to solve the problem.

Instead of :	Say this:
You are a natural artist.	Wow! How did you learn to draw so well?
We should pick something easier for you to do.	This is challenging. It takes a lot of practice to get it right. So after this project you will be better at it.
You will never learn to swim.	It might take a little while, but if you put in the time and effort I bet you can learn to swim.

## Senior Citizen Athletic Passes Available

District residents that are aged 62 and older are eligible to receive a Senior Citizen Athletic Pass to attend district athletic events free of charge. Proof of age and residency is required. To receive your athletic pass call the office of School and Community Relations at 586-723-2240.

## Strong Schools = Strong Community: Protecting Your Investment

Like every successful organization it is paramount that we plan for our future. We do this through staff and community input during our strategic planning process and maintaining a comprehensive capital improvement list. Our community has made significant investments in our schools and we work hard to ensure that we protect that investment. As part of our planning we are in the process of completing a district-wide needs assessment designed to identify key areas that need improvement.

Throughout the process we focus on the current condition of our school facilities, projected demographic changes, educational trends, and any identified critical capital improvements. This needs assessment helps us determine what additional investments may be needed to keep our school facilities safe and in good working order. We will share this information with our school community once this project is complete.

## Time to Register for Fall Community Education Classes

We offer everything from Arts and Crafts to Yoga for our community. Our class offerings include Aquatics and Swim programs for people of all ages, Trips and Tours for older adults, and more than 30 Youth Enrichment programs. For more information visit the Community Education tab on our website. A copy of our class brochure is mailed to every home in the district. For more information, call 586-723-2050.

## What's New for 2016-2017

Middle school students will have the chance to take a new Robotics course this year and we will be piloting a new English Language Arts (ELA) program in several K-8 classrooms.

## New Middle School Curriculum to Focus on Global Learning

This school year our staff will be restructuring our middle school curriculum for 2017-2018. Some of the changes include new global challenge classes at every grade level, coding, and high school courses like English 9 and Spanish 1 that students can take for high school credit while still in middle school. These new courses will provide a relevant curriculum rich in opportunities for collaborative project-based learning. In the eighth grade students will participate in a global

capstone project they research and present to members of our school community.

Become a fan of Chippewa Valley

Schools on 

@cvschools, and 

Thank you to the following community partners for their ongoing support of the Chippewa Valley Educational Foundation and our signature fund-raiser **A Taste for Education** held on March 23, 2016. This year's event raised \$32,000 to support our annual teacher mini-grant program and our visiting author event held in all 12 of our elementary schools. Outstanding cuisine was provided by local restaurants and gourmet markets along with great auction items donated by local businesses and individuals that share in our commitment to our community's youth. This generous support helps us achieve our mission to provide world-class educational opportunities for more than 16,000 students.

We encourage you to patronize their businesses whenever possible.

When Justin Chorazyczewski was looking for an Eagle Scout project to earn his badge he returned to his roots at Fox Elementary School. Over the summer Justin transformed the school's front entrance complete with new plantings, brick pavers, the installation of benches, and landscape rock. Thank you to Justin and Troop 149.
